It seems that U S N is more advantageous in terms of military strength.

I collected the military strength information of U, SN and CU from all the news websites.

From this information, it seems that the USN army is more advantageous. As for why? I think it is because the USN army is more advantageous.

The army trained by the United States Army, plus the overwhelming number of magical mechas that the USN Army is proud of. Moreover, they also have strong backing such as the "Hell Wall" Mono Fortress...

\*\*\* So, is it easy for OCU to win? No! Because doesn't the CU Army also have the strongest unit? Of course I'm referring to the "yyyyyyyyy"

Come and get bigger.....

The disputes caused by the ugly desires of human beings have finally come to an end.

From now on, this dispute will become the focus of discussion in the world!

But for the soldiers who ended the war,

These discussions are no longer important to them

What they need now is just a little bit of comfort,

Just a little rest.

Wars happen constantly, as they have throughout the long history of mankind.

Until then, the eternal Kornika...

[Sakata]

After entering the town, the first thing I did was to go to the Shop. That's because before going to the next battlefield, the machine must be ready. And when you buy wargate parts, knowledge is absolutely indispensable. ŷBecause of this, I really like the feeling of slowly thinking. However, I hope everyone can pay attention to the following matters. ŷDepending on the town, you may also see other than the 8 places (instructions) just introduced. There is no test for other places. No matter where it is, you should go in and take a look.
